### Notes from your President, Rick Cerwick!

In this newsletter you will find some new faces on the 2011/2012 Board of Director's list. I would like to thank all of our staff and members that participate in the evening dinners, special events, volunteering, grounds keeping and day to day operations. As your new president I would like to meet and greet all of our members, shake your hands and thank you for being a member of one of the most respected conservation chapters in the United States of America. However, I know not all of our members can be here every Tuesday evening for a great meal and educational program. Therefore, I will reach out to you with every meeting, newsletter and e-mail to share the club's challenges, needs, and successes.

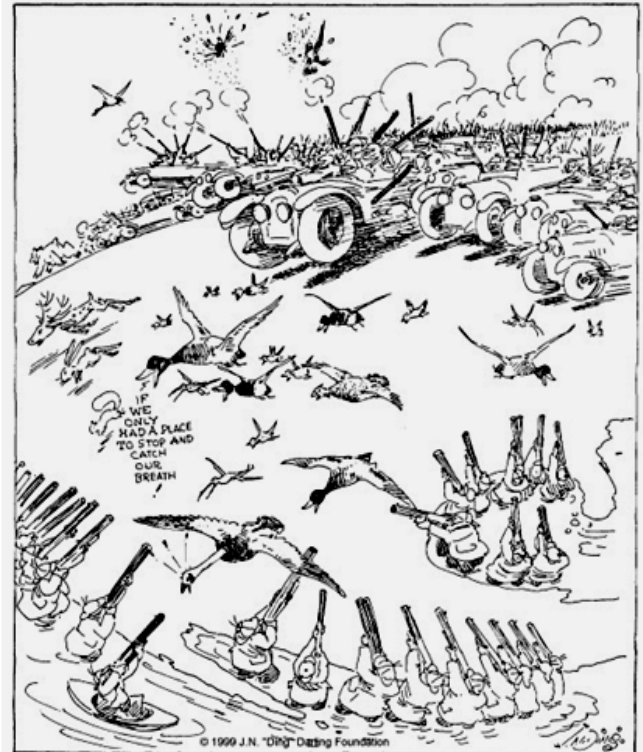

I would like to take the time to introduce myself to those who might not have met me. I am an avid outdoorsman with fishing and bow hunting for whitetails being my true passions. I hunt in the Urban Deer Hunt in Des Moines and also hunt several public hunting areas. I also like to hunt pheasant, squirrels, rabbits, and coyotes. I used to be an avid duck hunter, but the lure of the whitetail and lack of ducks a few years back eventually pulled me away from the ponds. You might find me around the pool table from time to time, but only to let someone else show me how much I need to learn, in which they are more than happy to oblige.

I have been the Secretary for the Des Moines Board the past two years. I organized the "special person" fish day at Big Creek the second Saturday in June, schedule and help instruct at the "free" Hunter's Education classes at our Chapter house, and volunteer for as many functions, like the Outdoor Expo and Carp festival as my schedule allows.

I represent Windsor Foods, a frozen food manufacturer which puts me on the road at least two weeks out of the month, meeting with major supermarket chains throughout the Midwest and as far south as Texas. This does allow me to visit several States and sometimes play 18 holes of golf, wet a line, or do a little wing shooting.

### Notes from your President cont'd.

Your input and participation with our Chapter is greatly needed and appreciated. I invite anyone wishing to attend a Board meeting, to listen or provide suggestions, to please contact me to make the arrangements. If you have some suggestions and can't make it to a meeting please call my cell (515-971-2924). I will pick up unless I'm in a meeting or in a jet traveling to my next destination. **Rick Cerwick**
